

Co-financed by the Erasmus+ program of the European Union

SATI | Smart Agriculture Training & Implementation

The SATI project is an effort, from the VET point of view, of digitizing the agriculture in the European area, taking into account the steps that have been made by the European Parliament and the Commission in the field of Vocational Education and Training.

Its purpose is to create a comprehensive training platform with multiple recipients.

The project is implemented in the framework of the EU Strategic Partnership Plan that supports Innovation in the field of Vocational Education and Training KA226-VET and is co-financed by the Erasmus+ program of the European Union.

Coordinator

Spirito

Duration

24 months
01/03/2021 - 28/02/2023

Field

Vocational
education & training

National Agency

Greek State
Scholarship's Foundation (IKY)

Partners

EIEO-EUROPEAN INSTITUTE FOR
EVOLUTION AND INTEGRATION, GILAB,
